

Pharmacy Assistant

Name: Sarah Murray
Job: Pharmacy Assistant
Pharmacy: John's@frasercove Pharmacy & Photos

BAY OF PLENTY POLYTECHNIC National Certificate in Pharmacy (Assistant) Level 3

A former Te Puke High School student, Sarah decided she wanted to work with people and be involved in the community. She attended the Bay of Plenty Polytechnic and completed her Certificate in Pharmacy Assistant & Cosmetology Level 3, having decided that this was the programme that would provide her with the job opportunities she was seeking.

The 20 year-old is now working as a Retail Assistant at John's@frasercove - Pharmacy & Photos and she loves it.

"The course helped in every way - product knowledge, customer service, and also with changes in life and job situations. The work experience we did through the course was invaluable. I worked in lots of different pharmacies and the different information gained from employers and colleagues gives you a broader view and understanding of the industry."

Sarah is full of praise for the programme and tutors.

"The course not only helped with work, but in life as well."

And where does Sarah see herself in the future?

"I may look at furthering my study later on in the pharmacy technician field, but right now I'm enjoying this job. I love doing what I'm doing - it's great fun. "
